Atto Pharma
MANUFACTURING SIMPLIFIED

ATTO PHARMA EBMR · TRAINING & CERTIFICATION

Self-paced training at your fingertips, on your own device, secure, at no extra cost.

Every person learns their own role, takes the exams and earns their certificate when it suits them: no classroom to wait for, no trainer to book, no consultant in between. Everything is inside the eBMR.

1 · Learn
A study guide for each module, with videos, the manual and help.

2 · Pass
Each module's exam; a practical task on their own batch where there is one.

3 · Certify
The role's certificate, approved by your QA Head or administrator.

4 · Rehearse
A practice batch each, then the team's rehearsal, signed off by the coach.

5 · Ready
Certified, practised, rehearsed: ready for real batches.

A PATH FOR EVERY ROLE

Role	Path	Modules, in order
QA Head	**QAH**	Platform · Batch issue · Cleaning · Exceptions & release · OQ / PQ · AI agents · Other areas & buyer specs · Master data promotion · GMP & data integrity
IPQA	**IPQ**	Platform · Batch issue · Batch execution · Exceptions & release · Other areas & buyer specs · GMP & data integrity
Manufacturing Head, Production supervisor	**PRD**	Platform · Batch issue · Batch execution · Exceptions & release · Other areas & buyer specs · GMP & data integrity · Assay calculation
Production operator	**OPR**	Platform · Batch execution · GMP & data integrity
Warehouse supervisor	**WHS**	Platform · Dispensing · Master data promotion · GMP & data integrity
Warehouse operator	**WHO**	Platform · Dispensing (lot-wise)
IT Head	**ITH**	Platform · Equipment & materials · OQ / PQ · Troubleshooting & help
Also	**ADM** Company administrator · **QAR** Quality Assurance · **ELB** eLogbooks user · **CFG** Plant configuration specialist, and 17 modules any of your people can take.	

EVERYTHING TO MASTER THE ROLE, ON ANY DEVICE

A study guide per module
Lesson by lesson, with worked examples and self-checks: everything the module's exam asks.

Your path, step by step
My work shows each person's next step; the My role agent answers "what do I learn next?"

In their own language
Exams in Telugu, Hindi and Tamil beside the English, approved by your QA Head; more can be added.

Manual, help and videos
The user manual on screen, a help guide for every screen, short videos by role.

Station cards
A card per step of a role's day, with a QR code to the screen's guide.

Rehearsal scripts
From your own BMR: who does each step, on which screen, for teams of any size.

HUNDREDS OF PEOPLE, IN WAVES

Waves
By line and shift, with start, rehearsal and go-live days.

Coaches
Supervisors sign off practice and rehearsal.

Progress
Certified, practised, rehearsed, ready, per wave; CSV.

Reminders
One email a day: what is left for each person.

SECURE AND TRUSTWORTHY

Marked by the database
Answers never reach the device; random questions; timed; 3 attempts a day.

Their own exam
Own sign-in; the exam carries their name; no copy or print.

Approved, verifiable
Never self-approved; each has a verification code.

Ready before signing
Require the certificate before anyone signs a real record.

No extra cost Training, study guides, exams, certificates, waves and rehearsals are part of the Atto Pharma eBMR: no training fee, no per-learner charge, no trainer to fly in.

Train your first team in the 14-day pilot.
Sign up, load your BMR, open Training.
